## Seamless Mineral Floor – Base Layer

Cementitious seamless floor base material

Primary structural base for seamless monolithic mineral floors. Powder-form cementitious material that creates the structural foundation for the PietraFloor system.

### COMPOSITION

Hydraulic binders, selected aggregates, special additives, synthetic fibers.

### TECHNICAL DATA

#### SPECIFIC WEIGHT

1.010 kg/L  $\pm$ 0.5% (apparent)

#### SETTING TIME

2 hours at 20°C

#### RECOMMENDED PRIMER

Pietra Primer

#### PACKAGING

18KG plastic container

#### HS CODE

32149000

#### APPEARANCE

White powder

#### APPLICATION TEMP

5°C – 30°C

#### COLORS

150 colors via tinting system

#### SHELF LIFE

12 months
